## **Independent Auditor's Report**

Board of Directors

Mark Stewart Securities, Inc. dba Accelerated Capital Group:

### **Report on the Financial Statements**

We have audited the accompanying statement of financial condition of Accelerated Capital Group, (the Company) as of December 31, 2012, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Accelerated Capital Group as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matter***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedules I, II, and III has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedules I, II, and III is fairly stated in all material respects in relation to the financial statements as a whole.

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*General*

Mark Stewart Securities, Inc. dba Accelerated Capital Group (the "Company") was incorporated in the State of California on May 15, 1996. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including operating a general securities business on a fully disclosed basis and specializing in Regulation D offerings on a best efforts basis.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

*Summary of Significant Accounting Policies*

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concessions receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

The Company has adopted FASB ASC 320, Investments — Debt and Equity Securities. As such, marketable securities held by the Company are classified as trading securities and stated at their fair market value based on quoted market prices. Realized gains or losses from the sale of marketable securities are computed based on specific identification of historical cost. Unrealized gains or losses on marketable securities are computed based on specific identification of recorded cost, with the change in fair value during the period included in income.

**Notes to Financial Statements**  
**December 31, 2012**

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

Securities transactions are recorded on a trade date basis with related commission income and expenses also recorded on a trade date basis.

Property and equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

The Company accounts for its income taxes in accordance with FASB ASC 740, Income Taxes. This standard requires the establishment of a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of changes in the tax basis of an asset or liability when measured against its reported amount in the financial statements.

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 25, 2013, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

**Note 2: DEPOSIT WITH CLEARING ORGANIZATION**

Pursuant to the clearing agreement, the Company introduces all of its securities transactions to clearing brokers on a fully disclosed basis. Customers' money balances and security positions are carried on the books of the clearing brokers. In accordance with the clearance agreements, the Company has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor collateral on the customers' accounts. As of December 31, 2012 the depository held at clearing of \$15,000 was pursuant to these clearance agreements.

At December 31, 2012, these securities are carried at their fair market value of \$22,172. The accounting for the mark-to-market on these securities is included in the Statement of Income as net investment gains of \$5,241.

The Company has available at December 31, 2012, unused operating loss carry-forwards, which may be applied against future taxable income, resulting in a deferred tax asset of approximately \$25,933 that begins to expire in the year 2030. **Notes to Financial Statements**

**December 31, 2012**

**Note 6: RECEIVABLE FROM RELATED PARTY**

The receivable from related party represents advances against future commissions, to the Company's registered representatives. These advances are non-interest bearing and uncollateralized. The registered representatives are repaying the advances with their earned commissions. The outstanding balance of the receivables from related party at year end was \$34,100.

**Note 7: SERIES A CONVERTIBLE**

In April of 2010, the Company amended its Articles of Incorporation to designate 4,000 shares of its authorized preferred stock, as Series A Convertible preferred stock (the "Preferred Stock"). The Preferred Stock carries a par value of \$0.001. Each share is convertible at the option of the holder into sixteen hundredths of one percent (0.016%) of the Company's outstanding shares of common stock. The Preferred Stock were sold for \$1,000 per share.

At December 31, 2012, the Company had 250 shares of Preferred Stock outstanding, which are convertible into 4% of the company's outstanding shares of common stock.

**Note 8: FAIR VALUE MEASUREMENT - ACCOUNTING PRONOUNCEMENT**

On January 1, 2009, the Company adopted FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.;

**Mark Stewart Securities, Inc. dba Accelerated Capital Group**

**Notes to Financial Statements**

**December 31, 2012**

**Note 8: FAIR VALUE MEASUREMENT - ACCOUNTING PRONOUNCEMENT  
(Continued)**

Level 2 - inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly. ;

Level 3 - are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

<b>Assets</b>	<b><u>Fair Value</u></b>	<b><u>Level 1 Inputs</u></b>	<b><u>Level 2 Inputs</u></b>	<b><u>Level 3 Inputs</u></b>
Marketable securities	\$ 22,172	\$ 22,172	\$ -	\$ -
Total	<u>\$ 22,172</u>	<u>\$ 22,172</u>	<u>\$ -</u>	<u>\$ -</u>

**Note 9: CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

**Note 10: RECENTLY ISSUED ACCOUNTING STANDARDS**

In June of 2009, the Financial Accounting Standards Board (the "FASB") implemented a major restructuring of U.S. accounting and reporting standards. This restructuring established the Accounting Standards Codification ("Codification" or "ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

**Notes to Financial Statements**

**December 31, 2012**

**Note 10: RECENTLY ISSUED ACCOUNTING STANDARDS**

**(Continued)**

For the year ending December 31, 2012, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

<u>ASU No.</u>	<u>Title</u>	<u>Effective Date</u>
2011-04	Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (May 2011).	After December 15, 2011
2011-05	Comprehensive Income (Topic 220): Presentation of Comprehensive Income (June 2011).	After December 15, 2011
2011-08	Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment (September 2011).	After December 15, 2011
2011-11	Balance Sheet (Topic 210): Disclosures about Offsetting Assets and Liabilities (December 2011).	After January 1, 2013
2011-12	Comprehensive Income (Topic 220): Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standards Update No. 2011-05 (December 2011).	After December 15, 2011
2012-02	Intangibles – Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment (July 2012).	After September 15, 2012

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

**Notes to Financial Statements**

Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Board of Directors

Mark Stewart Securities, Inc. dba Accelerated Capital Group:

In planning and performing our audit of the financial statements of Accelerated Capital Group, (the Company), as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Control deficiencies are noted below under material weaknesses.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

The size of the business and the resultant limited number of employees imposes the practical limitations on the effectiveness of those internal control policies and procedures that depends on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2012, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion.
